

HOW DID I GET HERE?

Difficult losses or transitions such as death, divorce, or abortion can leave scars or wounds in the heart and soul (mind, thoughts, will, intellect, and emotions). Grief is a part of being human. Grief is normal. However, being stuck in the bondage of grief is not normal.

UNDERSTANDING TRAUMA AND GRIEF

When losses of people, places, or things occur, we grieve over the loss and too often we get stuck in the grief. When the loss is really felt deep in our heart we find our self-sinking deeper and deeper. The enemy can use our grief as a stronghold and hold us in hopelessness and/or depression. It is then we need help to climb out. God wants us to heal and be set free from the broken heart of grief just as much as He wants us to heal and be set free from the painful memories of trauma.

What is a Living Water Christian Grief Retreat?

Living Water Christian Grief Retreats is a God centered process by which the Holy Spirit brings renewal to specific loss feelings attached to difficult grief events.

RENEW YOUR HEART

You make the choice to exchange all the hurts, anger, bitterness, and even shame and unforgiveness for His healing in a safe, supportive, structured, and prayerful encounter.

It is important to realize that these retreats consist of educational exercises designed to enhance your understanding of self while experiencing the prayer and music ministry to assist with letting go of the past and renewing of your mind. There is no form of secular counseling involved at Living Water Christian Retreats.

People can be restored to live the victorious life God intended for them, and to fulfill their life's purpose and destiny.

EXPERIENCE HEALING

God will take what has held you wounded and in bondage, set you free, renew and restore you. Ministering to your spirit and wounded heart, which is stuck in grief, will assist you in releasing to God the negative thoughts and blocked or frozen emotions; thus experiencing a real release and opportunity to Let Go and Let God heal you!

CALL LIVING WATER TODAY
